

Parent's Guide to Special Education

Questions and preparation tips for building an individual learning plan.

- 01** Collect schoolwork, teacher observations and prior assessments.
- 02** Describe strengths as clearly as areas needing support.
- 03** Ask for measurable goals and how progress will be shared.
- 04** Review classroom strategies together with the therapy team.

Keep this guide for discussion with your qualified care professional. It is educational and does not replace individual medical advice or emergency care.
